

## VISUALIZATION AND ILLUSTRATION

Hugo Ventura

California State Polytechnic University  
Pomona, California

Level 4

Advisor/Instructor: George Proctor

College of Environmental Design

### Jason Lautner's Chemosphere

A case study modeling, rendering project of the Chemosphere

**Reasons for the nomination:**

This student's effective use of modeling, animation, rendering and montage provides complete and well depicted illustrations of the Chemosphere.

Modeling, rendering completed with **form•Z**. Animations were done using 3D Studio Max
